

**PSALM 91
WAYNE ALCORN**

Aren't there some wonderful Psalms. I love Psalms like Psalm 23, The Lord is My Shepherd. Or Psalm 46 or Psalm 27. They've meant so much to me in some of the significant seasons of my life. Right now the Psalm that means so much to me is Psalm 91. Interestingly, 91 is the reverse of 19!

We're seeing the effects of this pandemic covid-19 effect humanity. Why don't we stand together in faith. Why don't you grab your bible and open it to Psalm 91 and let's Reverse the Curse. Let's stand on the promises. There are words in there that say 'if we dwell under the shadow of the most high'. This does not mean an occasional visit, this is not a casual acquaintance, but pressing in, dwelling in the presence of God, leaning into Him, trusting Him and applying His word.

Maybe you want to open the Psalms, there in Psalm 91, promise by promise, verse by verse, and begin to claim them, pray them and believe that God will begin to intervene in your situation, in human history. Let's together see God do a miracle. We're praying together at 1900 hours. We're praying for 19 minutes. We're praying longer. We're praying each Sunday from Sunday March 29 right through till Sunday April 19th, prayer and fasting.

We're standing together in faith, regardless of the fact that we can't gather in public buildings. We're standing united in heart. We're standing believing that we have a God that cares even in the midst of these challenging times, that he will respond to the faith and the cries of his kids.

So why don't you join us. Again, 1900 hours, 19 minutes. Pray a lot longer if you wish and why don't you join with us in believing that God will come through as we pray and fast every Sunday from Sunday March 29th right through until Sunday April 19th.

You know, I think God is good and I know that He wants to do a miracle for us, so let's together believe. Let's stand on His promises and let's pray them, until we see a miracle.
